

KID'S HAVEN

CHILD CARE & PRESCHOOL

Parent News

NEWSLETTER | SEPT 2023

-NEWS AT THE HAVEN-

As the calendar turns to September, it's a special time for families with young children to embrace the beauty of harvest season. The changing of the season offers many ways to engage our young learners.

Encourage your children to notice how the leaves on the trees are starting to change colors from vibrant greens to rich reds, oranges, and yellows. Take leisurely walks together and collect fallen leaves. You can even press them between sheets of wax paper to preserve their autumnal beauty.

Minnesota boasts numerous apple orchards where you can pick your own apples. Visiting these orchards is a fantastic family outing. Let your children pick apples, learn about different apple varieties, and taste the delicious fruit right from the tree. You can use these freshly picked apples to bake pies or make homemade applesauce together.

Harvest time in Minnesota is a splendid opportunity to teach your children about the changing seasons, the importance of agriculture, and the joy of spending quality time together as a family. Enjoy the crisp air, the vibrant colors, and the delicious flavors of this wonderful season.
