Embracing a Mild February at Kid's Haven

Warm greetings to all our families at Buffalo Kiddie Campus! This February, as we experience an unusually mild winter, we're excited to explore the season in new ways. With Valentine's Day just around the corner, we'll spread warmth and joy through special crafts and activities centered on friendship and kindness.

Taking advantage of the milder weather, we'll have more opportunities for outdoor play and nature exploration, observing how our local environment changes even in a gentler winter. We'll also commemorate Presidents' Day with fun, educational activities.

Here's to a February filled with gentle breezes, continued learning, and heartwarming experiences!

-REMINDERS-

February is National Children's Dental Health Month, which can be a time to focus on habits for good dental hygiene, learning about teeth, and why visiting the dentist is important. We encourage our families to spend some time this month teaching good dental hygiene. Who says brushing your teetch can't be fun? Character toothbrushes and colored toothpastes are great ways to engage children in learning about proper brushing techniques!
